LOCAL NEWS.

To WASHINGTON.—Judge T. N. Hill, of Halifax, left Tuesday for Washington, D. C., where he has gone to argue his fertilizer case before the United States Supreme Court.

New Knitting Mill.—Messrs. A. L. Robertson and W. R. Wright, of Roanoke Rapids, came down a few days ago and commenced work on the new knitting mill. The frame work is up and the building will soon be completed.

Runaway Marriage.—Last Monday Mr. R. E. Bland and Miss Emma Hite, both of Petersburg, Va., came to Halifax, secured a license and were married. They left on the afternoon train to return to Petersburg.

KILLED BY AN OIL ENGINE.—The Tarboro Dispatch says that Mr. J. A. Bradley who was attending to Mr. J. C. Powell's stock farm in Edgcombe, was killed by the explosion of an oil engine a few days ago. The engine was running a separator when it exploded and so mangled Mr. Bradley that he died in five hours.

SHOT HIS LEG OFF.—Monday near Halifax, night a colored man named Billie Ousey, who was drunk and abusing his wife with a gun in his hand. His wife kicked the gun from him as it was setting on the floor. As the gun fell it went off and shot his leg off just above the ankle. The gun was loaded with buckshot.

ROBBERY NEAR SOUTH GASTON.—Last Sunday while Mr. J. E. Hockaday, who lives near South Gaston, was gone to church, some one entered his house, broke open trunks, closets, drawers, and rifled the house generally. It was known that Mr. Hockaday was about to make a payment on some land, and it is thought that the robber hoped to find money. He upset a box with \$4 in it but did not find it. There were some pies in the pantry to which the intruder helped himself.

JOHN H. DAY & Co.—These gentlemen have been in business in Norfolk 25 years and place their card before the readers of THE COMMONWEALTH and solicit business. Old business houses are reliable as a rule, and this is no exception. They are clever and know how to make a newspaper man feel comfortable. They give prompt attention to all business entrusted to them, and we commend them to our readers.

HUDSON'S KITCHEN.—Go to Hudson's English Kitchen when you are in Norfolk. It is conveniently located on Main street and is one of the best kept restaurants in the South. Full meal of the best every time for 25 cents. The fittings and appointments are elegant and it is crowded with ladies and gentlemen all the time. Everybody from this region wants to eat there once, and then they will go again. The editor of THE COMMONWEALTH has been stopping there for several years and has sent many others there for their meals, and we have never heard any one say aught but praises of Mr. Hudson and his splendid fare. See his enlarged ad. in this issue.

L. W. GREENE & Co.—Special attention is directed to the advertisement of this Norfolk commission house. Mess. Greene and Odum are both North Carolinians—Mr. Greene being from Bertie and Mr. Odum from Hertford. They give special attention to business from Eastern Carolina. They already do business with persons from Bertie, Perquimans, Currituck and Martin counties, and wish to extend their business in this section. They believe the columns of THE COMMONWEALTH to be a good medium through which to reach the people. The editor found them among the cleverest people in Norfolk, and we commend them to the confidence and patronage of our readers.

E. E. GUY & Sons.—These gentlemen place an advertisement in THE COMMONWEALTH and wish to turn the business which our readers have in their line to Norfolk. The firm has been in business in Norfolk 28 years, and every department of the business is thoroughly kept up. They cover territory all through Virginia and in Eastern Carolina. They have done work satisfactorily for Hon. W. D. Pruden of Edenton. They fitted up the Union Depot in Raleigh and also a number of offices for the Seaboard Air Line there. They are up to date in all things pertaining to plumbing, heating, piping, baths and the like, and place their card before our readers in the hope of getting their patronage. We commend them and bear testimony to their courtesy and pleasant manner of doing business.

Death of Charlie Jones.
Mr. Charlie Jones, a young man about 20 years old, died at the home of Mrs. John Staton on Feb. 20, and was buried at Nahala church. He was industrious and honest. He was an orphan boy, his parents dying when he was quite small.

He was a student in Vine Hill Academy last Spring. He returned to Mr. Blasco Pittman's to his work but it did not last long—he was taken down with consumption and was taken to Mrs. Staton's where he was cared for until his death.

Subscribe to THE COMMONWEALTH.

SOUTHERN SHORT-HAND AND BUSINESS UNIVERSITY.—Elsewhere appears an advertisement of this excellent institution in Norfolk. President Resler is an up-to-date educator, and his institution is no experiment. While it has been located in Norfolk about a year and a half, the president conducted a similar institution in Atlanta for ten years, and has the strongest testimonials. The young gentlemen and young ladies are as busy as bees and it is interesting to note with what earnestness they do their work. The institution is conveniently located for Eastern Carolina, and we commend it heartily to our readers. President Resler is courteous to all and attentive to his students, and persons patronizing this institution may feel well assured of its excellence.

ATLANTIC IRON WORKS.—This well known manufacturing establishment has been doing business in Norfolk for thirty years. The productive capacity of the plant is ten tons a day. There are thirty mechanics employed and they turn out an immense amount of work every day. The plant comprises machine and fitting shops, pattern and moulding shops, and all other things to make the equipments complete. The territory over which the business extends is chiefly in Virginia and Eastern North Carolina. Work has been placed in Edgcombe, Martin and Pitt counties. For a large lot of work in Greenville, contractor, Mr. Burwell Riddick, was supplied by this plant. Mr. W. A. Anderson, the proprietor, personally attends to the business from this section. He is thoroughly reliable, pleasant and clever and we commend him to our readers. See his advertisement.

Ice Cream Supper.
A number of young men of the town gave an ice cream supper at Hotel Lawrence Thursday night of last week. It was a very pleasant affair and all who attended it had a good time.

Do You Want The Commonwealth?
We have been carrying some names on our subscription list which we will be compelled to drop soon unless they pay us something or make some arrangement about the matter. We dislike very much to do so, but we cannot send the paper longer without some money. We are anxious not only to retain all our present subscribers but to add new ones; but we are not anxious enough to give away the paper, and we have some names to whom to send the paper longer without some pay would amount to a gift.

Now, please do not misunderstand us. We are anxious to retain all our subscribers, but we do not feel that it is right for some to pay and others get it without paying. We desire to treat all alike, and we need the money.

Please send us some kind of a remittance and let's still keep up our acquaintance. Otherwise we shall have to cut off some.

Do you want the paper any longer?
Trip to Norfolk.
The editor and his agent, Mr. W. F. Parker, spent a day in Norfolk last week. The city wears its usual bustle of business and the people are as clever as ever.

There are marked developments all through the city and around the suburbs. Atlantic City, now grown to be a real part of Norfolk, has been greatly improved recently by the building of large cotton warehouses and a large cotton compress.

Some of the cotton commission men have moved their offices there and others will do so. The facilities for handling cotton are greatly increased.

Apart from the little war talk, there is nothing in the way of Norfolk becoming one of the leading cities of the South.

It has many advantages in location, fine harbor, healthful climate, and almost every thing to give the opportunity of becoming a great city.

Our friends were kind to THE COMMONWEALTH, and we greatly appreciate their patronage.

Bright and Brightening Enfield.
The editor of THE COMMONWEALTH spent a few hours in Enfield Monday. We found every thing bright enough and the people hopeful.

The bank is quite handsome in its fittings and complete in its appointments; and its cashier, Mr. McDonald, is quite clever. He says he has as much business already as he can do. Mr. George B. Curtis, president of the bank, thinks that there is a good business for them. The people of Enfield are delighted with the convenience and already begin to feel like they could not do without it.

We were told by persons who make close observations that the tobacco crop in that region will be considerably increased this year. They expect to handle more tobacco this year than they did last year.

Good words are always said to us for THE COMMONWEALTH, and we send quite a large number to that office.

THE MIXING CROWD.

Some Come and Some Go.
AND OF OTHERS WE DO NOT KNOW.

Mr. W. H. White went to Richmond Tuesday.

Mr. and Mrs. J. S. Bowers went to Petersburg Tuesday.

Miss Maggie Bowers has been on a visit to relatives in Enfield some days.

Mess. J. P. Futrell and J. E. Condrey went to the New Bern Fair Monday.

Miss Nannie Cotton left Tuesday for Baltimore where she will spend some time.

Mrs. J. B. Brewer who has been here some days on a visit left Tuesday for Baltimore.

Mrs. Bowers went Sunday to visit her father at his home near Brinkleyville. He is quite sick.

Mrs. W. H. White left Monday for New York where she has gone to purchase spring millinery.

Mr. E. C. Shearin of Heathsville spent Monday night here on a visit to his sister, Mrs. H. B. Dickens.

Miss Annie Biggs left Tuesday for Baltimore where she has gone to spend some time in a special course of music.

Mr. and Mrs. C. C. Crofton, of Hamilton, and Miss Pender, Mrs. Crofton's sister, have been to Scotland Neck on a visit recently.

Mrs. W. J. Hill of Rocky Mount spent part of last week visiting her relatives and two daughters who are in school in Vine Hill female academy.

Miss Rosalind Rountree of Greenville came up Saturday to visit Miss Annie Kitchin. Tuesday they went to Baltimore and on to Washington on a visit.

Mr. E. J. Proctor, foreman, of THE COMMONWEALTH office, went to Washington Saturday and attended the New Bern fair this week with the Washington military company.

Dr. F. W. Whitehead came over from Suffolk this week. He took a tumor from the hand of Miss Emily Sawyer. The operation was well done and Miss Emily has suffered very little inconvenience.

The Enfield people were loud in their praises of Mr. Claude Kitchin's speeches there last week before Justice Robertson. He made a fine impression and won both cases in which he appeared.

Criminal Court.
Criminal court is in session in Halifax this week. The docket is full but no cases of great importance.

Following are the grand jury: J. H. Fenner, foreman, Sydney Williams, A. M. Riddick, W. J. Garner, G. L. Knight, C. F. Minshew, G. F. Fitzgerald, Wiloughy Brent, W. D. Bustin, W. R. Carpenter, Isham Bobbitt, M. C. Cook, Joe H. Allbrook, W. E. Applewhite, Dempsey Odum, M. V. Barnhill, W. F. Hudson, and Albert Wilkins.

Judge Sutton is presiding. We did not hear his charge to the grand jury. Solicitor Daniel is serving the State and is one of the best in the State.

The full proceedings, with disposal of cases will be given next week. There was no court Monday by reason of the Judge's delay in New Bern, so few cases were disposed of in time for this issue to print them.

JOHNSON—WHITE.
Last Sunday afternoon there was a quiet home wedding at the residence of Mr. J. A. White, a few miles in the country. Miss Nellie, his attractive daughter, was married to Mr. G. H. Johnson, Rev. R. T. Vann, performing the ceremony.

A number of young men, friends of the bride and groom, went out from town to witness the marriage.

The bridal party came to town. Mr. and Mrs. Johnson stopped at Hotel Lawrence Sunday night. Monday morning the bride returned to her father's home where she continued her teaching, and Mr. Johnson went to his place as manager of Mr. F. P. Shields' river farm.

Later Mr. and Mrs. Johnson will live at Mr. Shields' farm.

Both the bride and groom are well known here and have a large number of friends who wish them long life and great prosperity and happiness. In these good wishes for the popular young couple THE COMMONWEALTH heartily joins.

A DESTRUCTIVE FIRE.

Mr. Hage's Tobacco House Burned.
Some two months ago Mess. F. J. Hage and T. A. Whitt opened a tobacco business here as brokers, and rented the old Hassell shop belonging to Mr. F. P. Shields, on the corner of 10th and Main streets. They have been doing a lively business there and were buying considerable tobacco from the farmers of this community and seemed to be doing well.

Wednesday night of last week at 2 o'clock some one from Gray's livery stable gave the alarm of fire. It was found to be the tobacco house of Mess. Hage and Whitt.

It was an old wooden building, and containing a quantity of dry tobacco, it was soon entirely consumed. Before any force could arrive to check the fire the entire building was enveloped in flame. It was with some difficulty that the wooden building on the corner across the street was saved.

There was insurance on the tobacco to the amount of \$2,000. The origin of the fire is unknown. Mr. Hage had not been to the house during the day, being engaged in doing some painting for the Carolina Buggy Co. Mr. Whitt had spent most of the day out of town attending to the burning of a plant bed. There had been some fire in the building during the day, but no one suspected danger from it. Mess. Hage & Whitt will probably do business again at the same place as it has been reported that Mr. Shields will build them another house on the same lot.

WHITAKERS ALBUM.
(Correspondence to THE COMMONWEALTH.)
WHITAKERS, N. C., March 1, 1898.
Rev. E. E. Rose, pastor of the M. E. Church, preached especially to the young men on Sunday night from the text: "Where-withal shall a young man cleanse his way?" It was an excellent sermon, timely, and one calculated to do much good.

Mr. Henry Mount stopped over and spent Sunday in the home of Mr. W. C. Taylor, en route from Franklin, Va., where he delivered his famous lecture "Chow-Chow."

Miss Mary Battle, who has been in Rocky Mount for several weeks, returned home Thursday, accompanied by Miss Carrie Whitehead.

Dr. John Battle and Mr. R. L. Huffines, of Rocky Mount, spent Sunday at Mr. M. J. Battle's.

Messrs. J. J. Holloway and C. E. Saunders, of Richmond, were in town last week.

Messrs. Will Greene and Will Gates were here Thursday.

Miss Vernon Cutchin, who is attending the University School in Rocky Mount, came home Friday and spent Sunday with her parents.

Mr. W. A. Brooks and brother Wade were here Thursday.

Mr. F. W. Barnes, of Wilson, was in town Saturday.

Miss Etta Bradley was the guest of Miss Allie Cutchin Sunday.

The entertainment given by the Whitakers "Dramatic Club" last week under the auspices of Miss Allie Cutchin, assisted by Mr. F. H. Cutchin, was a decided success financially and otherwise. All acquitted themselves admirably, and where all did so well unless I had time and space for full account it would be unfair to specify, so suffice it to say it was the most delightful entertainment of the season and thoroughly enjoyed.

Mrs. Mary Cartland, State President of the W. C. T. U., will lecture in the M. E. Church Monday.

LA GRIFFE
To some people the mention of la grippe calls forth a smile. They are the people who have never had it. Any one who has ever had even the slightest touch of la grippe knows well the complete misery it brings. And not only misery for the time being, but unless properly treated it sequel will follow it month after month until the patient despairs of ever getting well again. Peruna is the remedy for all such cases.

Mrs. Lou Davis, Fayetteville, Tenn., writes as follows: "I was afflicted with a disease commonly known as la grippe; the doctors said I had consumption. I had a dreadful cough and could not sleep at night. I was advised by a friend to try Peruna. I got one bottle, and the second night my cough stopped. I took ten bottles, and I will say that I believe I would be a dead woman now if it had not been for Peruna. I recommend Peruna to all those who suffer with la grippe."

Send for free book on "Winter Catarrh." Address The Peruna Drug Manufacturing Company, Columbus, Ohio.

On the morning of Feb. 20, 1895, I was sick with rheumatism and lay in bed until May 21st, when I got a bottle of Chamberlain's Pain Balm. The first application of it relieved me almost entirely from the pain and the second afforded complete relief. In a short time I was able to be up and about again.—A. T. MOREAUX, Luverne, Minn.
